

Getting Started With

What it is for:

5,000 + expert-led technology, creative skills and business-related courses

What you need:

- Greenwich Library card number
- PIN number
- E-mail address

Setup:

1. Go to the Greenwich Digital Library website to begin www.greenwichlibrary.org/digital-library
2. Select “Access Here” under the Digital Learning link and click ‘Get Started’
3. When prompted enter your **library card** and **PIN**.
4. Select skills, click “Continue” and follow directions to create an account OR click x to continue without an account.

Install the App:

- Install the free **LinkedIn Learning app** from the Apple App store (iPhone/iPad) or Google Play store (Samsung, Android Devices).
- Select “Sign in”
- Select “Sign in with your library card” hyperlink
- Add **greenwichlibrary** as your Library ID to the end of www.linkedin.com/learning-login/go/
- Select “Continue”

- Enter your **library card number** (no spaces, typically 14 digits beginning in 21117)
- Enter your Library Card **PIN** (4-digit number) and press “Continue”

Browsing & Learning:

- To locate a specific subject, use search field to search skills, subjects or software.
- To browse, click the Content  on the left side panel and look at the lists of popular and featured categories. Tap on whatever interests you.
- Once you find a program of interest, click on the title and begin learning!
- To save a program, click the bookmark  in the upper right corner of the program OR select the + to add it to a collection of similar programs. Collections are folders to organize your learning.
- When watching a course, select the upper left contents tab to see the agenda for that program.
- Want to master a skill? Click on “All Filters”  under the Search bar on your search results and select **Learning Path** under **Type** to follow a predetermined outline of beginner to more advanced programs and earn a certificate!

Loan Limits and Periods:

- Unlimited access
